**Re: Overdue Response to Letter Requiring Submission of Information
Regional Response Center Incident No.969728; Case No. PA-11-0289; Incident:
Private residence, 1085 McAdams Rd., Washington, Washington County, PA**

Dear Ms. Suszkowski:

On April 1, 2011, the U.S. Environmental Protection Agency (EPA) issued Summit Transport a letter (*copy enclosed*) requiring it to provide information and/or documents relating to the above-referenced Facility, pursuant to Section 308(a) of the Clean Water Act, as amended, (CWA), 33 U.S.C. § 1318(a). Your response was due within forty-five (45) calendar days from your receipt of that letter. The enclosed copy of the return receipt indicates that you received the first letter on April 4, 2011. Accordingly, your response was due on or before May 20, 2011.

You or your company must provide a separate and complete narrative response to each and every question contained in EPA's information request letter, or justify adequately its failure to respond, within **ten (10) calendar days** of your receipt of this letter. This ten day period, however, is not to be construed as an extension of the original deadline, and does not excuse any violation for failure to respond to the initial letter.

NOTICE OF POTENTIAL ENFORCEMENT ACTION

EPA hereby advises you or your company that your failure to respond fully and truthfully to each question, or to justify adequately your failure to respond, may subject you or your company to an enforcement action by EPA, pursuant to Section 309(g) of the CWA, 33 U.S.C. § 1319(g). This section authorizes EPA to issue an order directing compliance with an information request made under the statute "after such notice and opportunity for consultation as is reasonably appropriate under the circumstances." This letter constitutes such notice.

In addition, Section 309(d) of the CWA, 33 U.S.C. § 1319(d), allows EPA to seek judicial enforcement of an information request and authorizes the Federal district courts to assess a civil penalty not to exceed \$37,500 for each day of non-compliance. In recent decisions, courts have assessed significant penalties against parties, which had not complied with EPA information requests.

All documents and information should be submitted to:
